ASHLEY M. MOSS, LMSW

My name is Ashley Moss. I received my bachelors and masters degree in Social Work from Grambling State University!!!! As a social worker I have worked in mental health as well as managed care. I have 15 plus years in behavioral health as well as about 2 years in managed care. I've worked in psychiatric hospitals, mental health rehabilitation centers, as well as working with United Healthcare's Medicaid population. One thing I've learned is that you can only help someone who wants to put in the work. I teach my interns this all the time. Since being out of school I've had a chance to learn more about Dialectical therapy and Multi-Systemic therapy. I feel like I was born to do this.
